## Deafness Cannot Be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a running ear, or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be removed, your hearing will be destroyed forever. It is not a matter of time, but of extent of the disease. We will give you One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circular free.
